

APPLICATION FOR MEMBERSHIP

WOOD COMPONENT MANUFACTURERS ASSOCIATION

741 Butlers Gate, Suite 100

Marietta, GA 30068

Tel: 770-565-6660; Fax: 770-565-6663

We are manufacturers of wood component products and hereby apply for membership into the Wood Component Manufacturers Association.

Requirements for membership into this Association are as follows:

1. Membership in this Association shall be open to any wood component product manufacturer who operates a manufacturing plant in the United States and/or Canada and is adequately equipped for processing wood into dimension stock or wood component parts for sale to outside customers.
2. Admission to this Association shall be extended to any member of the dimension manufacturing industry who makes proper application, agrees to pay dues as established by the membership, and abides by the Association's Constitution and By-Laws. Eligibility shall be confirmed by the Board of Directors upon receipt of the application.

The basis of assessing membership dues in the WCMA as approved by the Board of Directors and ratified by the membership is described below:

Membership dues shall be computed at a rate of \$1.00 (U.S.) per \$1,000 (U.S.) of monthly wood component product shipments. Canadian members convert their Canadian dollar shipments to U.S. dollars and pay in U.S. dollars to equalize the exchange rate difference.

Minimum dues are \$83.33 per month or \$1,000 per year.

Maximum dues for any member is \$3,000 per year.

Dues payments for the current month shall be based on the prior month's total dollar value of all wood component product shipments to outside customers.

So that the WCMA will have complete details of our production facilities and ability to produce high quality wood component products as set forth in the WCMA's **Rules and Specifications for Dimension and Woodwork**, we will provide the WCMA with a completed Member Profile Survey. It is our understanding that this information will be used in the WCMA's Member Match™ Business Referral Program. This program is designed to furnish prospective dimension buyers with important information regarding each member's woodworking capabilities and products produced. This information is also included in the WCMA **Wood Components Buyer's Guide**.

We wish to join with our friendly competitors in promoting the products of our industry and are willing to actively participate with our fellow members in all WCMA activities and programs.

Sincerely,

Company _____
